

Provider identifies patient who meets Zika testing criteria

Provider faxes Case Report Form to DC DOH and collects sample from patient

Fax to (202) 442-8060

Reviewed within 1 business day (on average within a few hours)

DC DOH approves testing?

No

DC DOH sends email indicating patient not cleared for testing

Yes

DC DOH sends approval email

Email contains:
1) Zika ID #
2) Lab forms to be completed (CDC 50.34 and DC PHL CoC)
3) Instructions for coordinating sample pick up and storage

Include all requested information from approval email

Zika test requester emails Zikalab@dc.gov when sample is ready for pickup

Pick up usually by next business day

DC PHL courier picks up sample

DC DOH reports test results to provider
