<p>OS-15-015 ALL</p>	<p><u>BOARD/DEPARTMENT'S REPORT</u> In this segment, discussion can be held on issues and/or activities pertaining to the activities of the Board/Department. Presenters may be members of the Board, staff, or public.</p> <p><u>A. EXECUTIVE DIRECTOR'S REPORT</u></p> <ol style="list-style-type: none"> 1. BoMed Calendar The Board Attorney reported that the next meeting will be May 27, 2015. 2. BoMed Stats The Board Attorney reported tyhere are currently 11,987 licensees under the Board's purview as follows: 9,483 MD/DO 1617 MTL 	

17 MTR
158 AC
38 AA
35 SA
541 PA
92 Polysom.

Disciplinary matters in April:
4 complaints received
2 NOIS signed and sent

3. FYI Articles:
- a) Wisconsin is Latest State to Implement Innovative Tool to Streamline Medical Licensure Process.
 - b) Only a Thirde of Health Providers Use Technology.
 - c) Interstate Compact News Release

B. BOARD ATTORNEY'S REPORT

- a) FSMB Annual Conference in Texas

The Board Attorney reported that he, Dr. Rankin, Dr. Macsata, and staff member Lisa Robinson attended the FSMB Annual Conference in Ft. Worth, TX. He found it very informative, and stated it was interesting to see that many of the topics discussed were topics our Board has already addressed, i.e. Interstate Medical Licensing Compact, PMP programs, Opioid Prescribing, etc.

Dr. Rankin also reported that he found int very interesting that other Boards do not do as much as the DC Board is overwhelmed with. In most states, staff (through the ED and Board attorney) are authorized to independently handle much more, thereby decreasing the amount of items/cases that have to come before the Board. The California Board on meets quarterly.

OS-15-016
ALL

PRESENTATIONS:

1. DREXEL MEDICINE PHYSICIAN REFRESHER/RE-ENTRY COURSE

Presentation by Nielufar Varjavand, MD, Associate Professor of Medicine at Drexel University, regarding their re-entry program, which they would like the Board to use for its referrals.

Dr. Varjavand gave a Powerpoint presentation on how they re-assess physicians that have been inactive for a period of time. They provide remediation and structure in individualized programs.

Their programs have many components, such as assessment, preceptorship, future/ongoing learning, and certification.

She also provided a brief listing of the costs:

- Online lectures – 1500
- Assessments – 4,000-6,000
- Structured Preceptorships – 7,500
- Online Standardized Packets – 8,500
- Documentation – 3,000

The Board asked if participants need a license in Pennsylvania to participate in their program. Dr. Varjavand answered no, as these are observerships.

Due to their proximity, they work closely with the New Jersey Board.

2. DELMARVA FOUNDATION

Presentation by Carolyn E. Jackson, RN MA CIC, titled 'Delmarva FoundationThe Bridge to Quality Health Care in the District of Columbia.'

Ms. Jackson stated they were referred by Dr. Nesbitt, to with the Board their contract with the Center for Medicaid Services. A current concern is that hospitals have been

	<p>penalized for readmissions.</p> <p>Their focus is cost saving, through improved healthcare in The communities. They ask that the Board members look at their own practices, and determine where improvements can be made with respect to post-discharge complications, readmissions, adverse drug events, nursing home issues, cardiac health, coagulation management, and care transitions.</p> <p>They have formed a partnership with DOH and DCHA and are currently conducting a gap analysis and data report outlining their findings. The Board suggested various stakeholders might want to be involved in this initiative, as the American Board of Orthopedic Surgeons, for instance, have their own guidelines on anticoagulation medications. They also suggested that since a lot of patients do not have a lot of resources, having a social worker involved could be helpful.</p> <p>The Board's orthopedic surgery members were also very concerned with the nursing home events, as they receive a lot of patients who have broken bones in nursing homes, and no one seems to know how it occurred.</p> <p>Delmarva will follow up with the Board in further educational offerings or initiatives that relate to its physician community.</p>	
<p>OS-15-017 ALL6</p>	<p><u>ETHICS AND BOUNDARIES ASSESSMENT SERVICES, LLC</u></p> <p>The Board considered the brochure from EBAS regarding their third-party assessments.</p> <p>The Board Attorney spoke to them at the FSMB conference and urges the Board to consider them for Board cases. They have a very robust program that he thinks the Board would like.</p>	

<p>OS-15-018 ALL</p>	<p><u>AMERICAN BOARD OF PAIN MEDICINE (ABPM)</u> The Board considered the 'call for action' brief by the ABPM, regarding growing concerns surrounding opioid abuse and inappropriate prescribing.</p> <p>The Board is already addressing opioid issues via both outreach and its new Prescription Monitoring Program.</p>
