

# (GD0) STATE SUPERINTENDENT OF EDUCATION (OSSE)

## **MISSION**

The mission of the Office of the State Superintendent of Education (OSSE) is to remove barriers and create pathways so all District residents receive an excellent education and are prepared to achieve success in college, careers, and life.

## **SUMMARY OF SERVICES**

The Office of the State Superintendent of Education serves as the District of Columbia's State Education Agency (SEA). In this role, OSSE manages and distributes federal funding to education providers and exercises oversight responsibility over federal education programs and related grants administered in the District to ensure quality and compliance. OSSE also serves as the standard-bearer in education for the District of Columbia. The office develops state-level education policies and standards aligned with school, college, and workforce readiness expectations. Furthermore, OSSE ensures that the District collects and reports accurate, reliable data. OSSE provides technical support to increase effectiveness among education providers, thereby improving outcomes for all students. OSSE also administers payments for the Special Education Division of Student Transportation (Agency Code GO0); Non-Public Tuition (Agency Code GN0); and District of Columbia Public Charter Schools (Agency Code GC0).

## **BACKGROUND**

The Office of the State Superintendent of Education (OSSE)'s capital program includes the Statewide Longitudinal Education Data System (SLED) and the Special Education Data System (SEDS). The SLED is a project to create a data warehouse populated with information extracted from disparate enterprise educational systems into a single compressive relational database. The SEDS is a comprehensive data system designed to support high quality, seamless service delivery for children with disabilities within the District. The SEDS is currently in its third school year of implementation and OSSE has mandated its use by all Local Education Agencies, including DCPS, via regulations issued on December 4, 2009. SEDS supports the goal of optimizing the ability to track the District of Columbia's delivery of special education services to all students.

## **CAPITAL PROGRAM OBJECTIVES FOR SEDS**

1. To automate and streamline the Individualized Education Program (IEP) development, management, and historical record keeping for local districts and school sites.
2. To improve service delivery by reducing the burden of paperwork and allowing staff to focus on delivering quality instruction and services to students with disabilities.
3. To support best practices in special education management by providing real-time, district-wide reporting, and accurate, reliable state and federal reporting.
4. To facilitate compliance and quality assurance through improved data accuracy, auditing, and timeline management.
5. To support seamless transactions for students via an improved process for transferring student special education records between schools and districts.

## **CAPITAL PROGRAM OBJECTIVES FOR SLED**

The SLED is the main repository of the District of Columbia's current and historical public education student, teacher, and school data. The data will be used for education planning, analysis, research, tracking, and reporting student information statewide over multiple years and across education institutions. Additionally, SLED enables the sharing of critical information that tracks student learning spanning early care and education, K-12 programs, post-secondary, and adult education. It will ultimately link to other youth and adult serving institutions to provide a comprehensive picture of the District of Columbia's learners.

## **RECENT ACCOMPLISHMENTS**

- OSSE has assigned nearly 100 percent of the currently enrolled students with a Unique Student Identifier (USI). More than 110,000 USIs have been assigned and for the first time, OSSE was able to provide auditors with accurate, up to date roster data for the annual enrollment audit in October 2010. Furthermore, the SLED also includes nine years of student-level enrollment and five years of DC Comprehensive Assessment System (DC CAS) data.

**Elements on this page of the Agency Summary include:**

- **Funding Tables:** Past budget allotments show the allotment balance, calculated as allotments received to date less all obligations (the sum of expenditures, encumbrances, intra-District advances and pre-encumbrances). Agencies are allowed to encumber and pre-encumber funds up to the limit of a capital project's budget authority, which might be higher than allotments received to date. For this reason, a negative balance on a projectsheet does not necessarily indicate overspending or an anti-deficiency violation. A negative balance is permitted in this calculation of remaining allotment authority.
- **Additional Appropriations Data (\$000):** Provides a summary of the budget authority over the life of the project. The table can be read as follows:
  - **Original 6-Year Budget Authority:** Represents the authority from the fiscal year in which budget was first appropriated through the next 5 years.
  - **Budget Authority Thru FY 2019 :** Represents the lifetime budget authority, including the 6 year budget authority for FY 2014 through 2019
  - **FY 2014 Budget Authority Revisions:** Represents the changes to the budget authority as a result of reprogramming, redirections and rescissions (also reflected in Appendix F) for the current fiscal year.
  - **6-Year Budget Authority Thru 2019 :** This is the total 6-year authority for FY 2014 through FY 2019 including changes from the current fiscal year.
  - **Budget Authority Request for 2015 through 2020 :** Represents the 6 year budget authority for 2015 through 2020
  - **Increase (Decrease) :** This is the change in 6 year budget requested for FY 2015 - FY 2020 (change in budget authority is shown in Appendix A).
- **Estimated Operating Impact:** If a project has operating impacts that the agency has quantified, the effects are summarized in the respective year of impact
- **FTE Data (Total budget in FTE Table might differ from actual budget due to rounding):** Provides the number for Full Time Equivalent (FTE) employees approved as eligible to be charged to capital projects by, or on behalf of, the agency. Additionally it provides the total budget for these employees (Personal Services), the non personnel portion of the budget in the agency's capital plan and, the percentage of the agency CIP budget from either expense category.
- **Facility Location Map:** For those agencies with facilities projects, a map reflecting projects and their geographic location within the District of Columbia.
