FY2014 Notices of Infraction (NOIs) by Program

The following pie chart shows a breakdown of NOIs by DDOE’s environmental enforcement programs in FY2014. Air Quality led the effort with asbestos and engine idling NOIs, followed by Watershed Protection, Stormwater Management’s Bag Law, Underground Storage Tanks, Hazardous Waste and Water Quality. NOI data is a moving target: the annual total will see an increase as more FY2014 cases move through the enforcement pipeline.

Program	Count	Program % of Total
Air Quality	83	38%
Watershed Protection	56	26%
Stormwater Management (Bag Law)	47	22%
Underground Storage Tanks	23	11%
Hazardous Waste	6	3%
Water Quality	3	1%
Total	218	100%
