Notes to Financial Statements

1. Summary of Significant Accounting Policies

A. Accounting Practices

The financial statements of DC Chartered Health Plan (Chartered or the Company) are presented on the basis of accounting practices prescribed or permitted by the District of Columbia Department of Insurance, Securities and Banking (DISB).

The DISB recognizes only statutory accounting practices prescribed or permitted by the District of Columbia (District) for determining and reporting the financial condition and results of operations of an insurance company and for determining its solvency under the District of Columbia Insurance Code. The DISB has adopted the National Association of Insurance Commissioners' (NAIC) *Accounting Practices and Procedures Manual* as a component of prescribed and permitted practices for the District. The DISB has the right to permit specific practices that deviate from prescribed practices. There is no deviation from the NAIC *Accounting Practices and Procedures Manual*.

A reconciliation of the Company's net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the District of Columbia Department of Insurance, Securities and Banking is shown below:

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of the financial statements in conformity with Statutory Accounting Principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities. It also requires disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

C. Accounting Policy

In 2012 Chartered was placed in court-supervised rehabilitation. In 2013, Chartered sold substantially all of its operating assets, transferred contractual agreements, stopped writing business, and began operating primarily to complete settlement and run-off of outstanding claims. Through April 2013, Chartered wrote only Medicaid and Alliance program (a local program for low-income residents) contracts with the District of Columbia Department of Healthcare Finance (DHCF). Medicaid and Alliance premiums from the DHCF were due monthly and recognized as revenue during the period in which Chartered was obligated to provide service to members.

The sale was closed on April 30, 2013 and at that time all of Chartered's Medicaid and Alliance enrollees were transferred to AmeriHealth District of Columbia, Inc. Associated with these developments, Chartered elected not to bid on the District's Department of Healthcare Finance's (DHCF) request for proposals for new contracts that would have taken effect after April 30, 2013. F. Consolidated Federal Income Tax Return

In accordance with its tax allocation agreement with DCHSI, Chartered is to be included in consolidated federal and state income tax returns with DCHSI, using an April 30 fiscal year-end. Deferred tax assets, deferred tax liabilities, and income tax expense or benefit associated with Chartered have been provided for on a separate company basis. In addition, Chartered historically determines its deferred income taxes on a separate company basis and remits its estimated tax payments to DCHSI. It is believed by management that DCHSI filed income tax returns which included Chartered up through the year ending April 30, 2010. It is management's understanding that consolidated tax returns for fiscal years ended April 30, 2011, 2012, 2013 and 2014 have not been filed with the Internal Revenue Service, as of the date of this report.

As a consequence of the situation described above, management elected to have tax returns prepared and filed on a stand-alone basis for Chartered for the four tax years in question. The returns indicated tax liability for Chartered for alternative minimum taxes in the amounts of \$63,315 and \$118,778 for tax years ended April 30, 2011 and April 30, 2012, respectively. The returns were filed with the IRS in December 2014.

G. Federal or Foreign Income Tax Loss Contingencies

The Company does not have any tax loss contingencies for which it is reasonably possible that the total liability will significantly increase within twelve months of the reporting date.
