New application requirements for LPN/RN/APRN applications

In an effort to expedite the licensure process LPN/RN/APRN applications will not be require to complete CBCs if they have completed one within the last 4 years.

NAP Update:

We anticipate the NAP regulations to be finalized by the end of the year.

December we expect to launch the new HHA examination.

December the CNA exam process will change requiring all applicants to schedule their examination online. This will expedite the amount of time it takes to schedule the exam.

Meetings will be held in the fall with stakeholders to discuss the changes.
