**Medical Marijuana Program  
Cultivation Center Provisional Scores At Least 150 Points**

The Selection Process for Medical Marijuana Cultivation Centers is described in 22 DCMR C § 5402. In compliance with these regulations a six (6) member panel was convened consisting of one (1) representative from the Department of Health (DOH), District Department of the Environment (DDOE), Office of the Attorney General (OAG), Department of Real Estate Services Protective Services Division (PSD), the Department of Consumer and Regulatory Affairs (DCRA), and a representative of the general public (or patient advocate), selected by the Director of the Department of Health, to evaluate and score each application. Prior to seeking Area Neighborhood Commissioner (ANC) review, the panel calculated a provisional score based upon the then available points and bonus points.

As outlined in 22 DCMR C § 5402, provisional scores were calculated by discarding the highest and lowest panel member scores, adding up the four (4) remaining scores, and dividing that total by four (4). The provisional scores were ranked below from highest to lowest. The panel could provisionally select not more than the twenty (20) highest ranking cultivation center applicants, for ANC review.

As further defined in the regulations and in the published timeline regarding the Cultivation Center Selection process, the provisional selection decision shall be made in writing to the successful applicants on January 4, 2012. The following applicants have been notified:
