Health Regulation and Licensing Administration

**Medical Marijuana Cultivation Center Applications  
Provisional Scores Below 150 points**

The Selection Process for Medical Marijuana Cultivation Centers is described in 22 DCMR C § 5402. In compliance with these regulations a six (6) member panel has been convened consisting of one (1) representative from the Department of Health (DOH), District Department of the Environment (DDOE), Office of the Attorney General (OAG), Department of Real Estate Services Protective Services Division (PSD)\*, the Department of Consumer and Regulatory Affairs (DCRA), and a representative of the general public(or patient advocate), selected by the Director, to evaluate and score each application. Prior to seeking ANC review, the panel shall calculate a provisional score based upon the then available points and bonus points. This report of the provisional scores is provided to the Director of the Department of Health.

As outlined in 22 DCMR C § 5402, provisional scores were calculated by discarding the highest and lowest panel member scores, adding up the four (4) remaining scores, and dividing that total by four (4). The provisional scores are ranked below from highest to lowest. The panel shall provisionally select not more than the twenty (20) highest ranking cultivation center applicants, for ANC review.

In order to be considered eligible for further review, an application must have at least one hundred and fifty (150) points prior to the ANC review. The following fifteen (15) applicants did not score above 150 points prior to the ANC review.

Comcruz, LLC dba Emerald Spectrum	National Health Center, LLC
Compassion Centers of America, LLC (1)	Northeast Wellness Inc. (1)
Compassion Centers of America, LLC (2)	Northeast Wellness Inc. (2)
