Medical Marijuana Cultivation Center Applications
Non Responsive Applications

The Selection Process for Medical Marijuana Cultivation Centers is described in 22 DCMR C § 5402. In compliance with these regulations a six (6) member panel was convened consisting of one (1) representative from the Department of Health (DOH), District Department of the Environment (DDOE), Office of the Attorney General (OAG), Department of Real Estate Services Protective Services Division (PSD), the Department of Consumer and Regulatory Affairs (DCRA), and a representative of the general public (or patient advocate), selected by the Director of the Department of Health, to evaluate and score each application. Prior to seeking Area Neighborhood Commissioner (ANC) review, the panel calculated a provisional score based upon the then available points and bonus points.

As defined in the 22 DCMR C § 5403.1, each application shall address all criteria and measures, even when no point values are assigned. This shall include the applicant providing all of the information required by §§ 5400, 5403, and 5404. The failure by an applicant to address all of the required criteria and measures will result in the application being considered non-responsive and not accepted for review by the panel.

The following applications were considered non-responsive:

- Delta Nine, LLC (1)
- Holistic Remedies, LLC (2)
- Natural Herbal Restoration
- Organic Wellness, LLC (2)
