

## Instructions for Medical Examiners: Compliance with the Death with Dignity Act

The Death with Dignity Act of 2016 (“Act”), (D.C. Law 21-182; D.C. Official Code § 7-661.01 *et seq.*), states that “...the patient’s death certificate...shall identify the qualified patient’s underlying medical condition consistent with the International Classification of Diseases without reference to the fact that the qualified patient ingested a covered medication.”

Under section 16 of the Act, “Actions taken in accordance with this act do not constitute suicide, assisted suicide, mercy killing, or homicide.” If you know the decedent used the Death with Dignity Act, you must comply with the strict requirements of the law when completing the death record:

1. The underlying terminal disease must be listed as the cause of death.
2. The manner of death must be marked as “Natural.”
3. The cause of death section may not contain any language that indicates that the Death with Dignity Act was used, such as:
  - a. Suicide
  - b. Assisted suicide
  - c. PAS (Physician-assisted suicide)
  - d. DWD (Death with Dignity)
  - e. Mercy killing
  - f. Homicide
  - g. Euthanasia
  - h. MAID (medical assistance in dying OR medically assisted dying)
  - i. Legally Prescribed/Legal Prescription
  - j. Physician-assisted dying
  - k. Any reference to medications covered by this legislation
  - l. Also any reference to the Death with Dignity Act of 2016, effective February 18, 2017 (D.C. Law 21-182; D.C. Official Code § 7-661.01 *et seq.*), applicable as of June 6, 2017.

The DC Department of Health will reject any death certificate that does not properly adhere to the requirements of the Act.<sup>1</sup> If a death certificate contains any reference to actions that might indicate use of the Act, the medical certifier will be instructed to submit a correction within 24 hours of notification and before a death record will be registered.

Email the Vital Records Division at [vital.helpdesk@dc.gov](mailto:vital.helpdesk@dc.gov) for guidance on how to proceed if you have any questions regarding compliance with cause of death reporting under the Act.
