POLICY STATEMENT

PRACTICE OF MDICINE PERMITTED IN A COSMETOLOGY SALON

Policy:

The Board of Medicine, in response to a query from a licensed practitioner, has determined that a physician may administer Botox injections in a cosmetology salon.

Analysis:

This matter came before the Board from a physician licensed in the District. He wanted to know if the practice of medicine was limited to traditional medical facilities or physician offices. Current regulations do not address the subject and this policy statement in intended to clarify the matter.
