

Attention STD Patients:

Need to see the clinician? You need to have an appointment!

#

Beginning June 1, 2015, if you need to see a clinician at the STD clinic, you will need to make an appointment. #

You can call us at 202-698-4050 or come to the clinic in person during regular clinic hours (see below) to make a same day or next day appointment. If you choose to walk in we will offer you the next available appointment, but it may be several hours later or the next day.

Your time is valuable! We are offering appointments to decrease waiting times and so that you can better schedule your time.

Everyone's time is valuable! If you cannot make your scheduled appointment please call us right away so that we can offer the slot to another patient.

If you are more than 10 minutes late to your appointment, you will need to reschedule.

You do not need an appointment to receive your results.
